## Work Getting Underway on New Synthetic Field at Pine Ridge Park

The Fairfax County Park Authority is asking residents to “pardon our dust” as work begins on improvements to Field #6 at Pine Ridge Park in Annandale, Virginia.

Work is getting underway on installation of a synthetic turf field that will be striped for use for five sports: football, soccer, men’s lacrosse, women’s lacrosse and field hockey. In addition, the field is being widened to accommodate two fields for junior soccer side play. The work will also include improvements to storm drainage, goal posts and fencing, bleacher and bench pads and ADA parking.

Funding for the project, which is estimated to cost \$930,000, was included in the 2012 Park Bond Program.

FieldTurf USA, Inc., will be handling the work, and construction access to the site will be from the main park entrance on Woodburn Road. The work is being done while the field is out of play by local leagues. The new field is expected to be ready in early September in time for the next playing season.

Pine Ridge Park is a 42.74-acre local park located at 3401 Woodburn Road in the Mason District. For more information regarding the work being done at the park, please contact Charles Mends-Cole at [charles.mends-cole@fairfaxcounty.gov](mailto:charles.mends-cole@fairfaxcounty.gov) or 703-324-8640.
