Short Term Disruption on Trails, Other Amenities Anticipated

Sewer Line Construction to Begin at Burke Lake Park

The Fairfax County Park Authority will soon begin construction of approximately 7,000 linear feet of sewer line throughout Burke Lake Park located at 7315 Ox Road in Fairfax Station, Va. This sewer line will connect with the proposed clubhouse and allow for future connections to existing park facilities.

The contractor will be mobilizing on site starting in mid-July with actual construction expected to start on August 8, 2016. Completion of this project is expected in April 2017. Residents can expect occasional construction traffic entering and exiting the site from the main park entrances. Trail users can expect temporary trail closures and/or detours where possible for short durations. The volleyball courts will be closed after Labor Day to accommodate the sewer construction with reconstruction of the courts to follow.

For more information, please contact the Project Manager, Eric Inman at Eric.Inman@fairfaxcounty.gov or call 703-324-8698.
