## Learn What You Can Do to Help Bees Survive

Bees have been performing a disappearing act in urban areas, and there are concerns for their survival. Learn about the plight of urban bees at Green Spring Gardens on Saturday, January 30, 2016, and what can be done to help.

Honey bees have much to show us about our relationship with nature, but even with the disappearance of honey bee colonies, there is hope to be found in the stories of beekeepers. Author Alison Gillespie shares their stories from 10 to 11 a.m. at Green Spring Gardens and teaches how you can help bees survive. This lecture for adults will be followed by a book signing. The cost is \$10 per person.

Green Spring Gardens is located at 4603 Green Spring Rd., Alexandria, VA. For more information, call 703-642-5173 or visit <http://www.fairfaxcounty.gov/parks/greenspring/>.
