**Please Note:** The data in this online system calculates projections into the future based on the number of hours worked relative to 40 hours per week, 52 weeks each year. Anything less than 2,080 hours a year contributing into the Retirement System designates an employee as PART TIME with regards to benefit service. Estimates generated in this system INCLUDE retirement service credit for accrued sick leave.

5. Once you are logged in you will see your Summary Information.
